

Statement Regarding Business Memberships

❖ Forever Family Foundation Position on Business Memberships

Forever Family Foundation values its business partners and provides as many resources as possible to help our partners promote their individual businesses. We welcome business of all types, with the specific exceptions in two areas.

The first would be a business whose product or scope might be offensive to some members.

The second would be a professional psychic or medium, unless certified by the foundation. (As per foundation policy, only those mediums who have successfully gone through our *Medium Certification Program* are eligible to work with the foundation in their capacity as a medium and therefore eligible to utilize the advertising programs of the foundation.)
